

# TWIN BRIDGE FARMS

## 2010 Gelbvieh Bull Catalogue

*"Purebred Gelbvieh Seedstock Bred With the Commercial Cattlemen in Mind"*

Dear fellow cattlemen,

Once again we are offering a select group of yearling and two year old Gelbvieh bulls for sale this spring. We invite you to have a look through our catalogue and see what our bulls have to offer your program. As usual we have cut the bulls down to only what we feel will benefit our buyers. We are very hard on our bull calves and only the very top get kept for breeding stock. They have been selected for soundness and balanced traits in the areas of calving ease, performance and maternal.

Over the past few years we have been purchasing some of the best herd sires we can source and using some of the top AI sires the Gelbvieh breed has to offer. This combined with buying honest purebred females and an up breeding program we have put together a set of bulls we are very proud of. The Gelbvieh breed has been doing a great job in our commercial herd and we feel these bulls can do the same for other progressive cattlemen.

All bulls will be semen tested and sell with the Conditions of Sale recommended by the Canadian Gelbvieh Association. We will work with buyers for delivery. Feel free to give us a call or stop by, we would be happy to hear from you. You can also check out our new website [www.tbfarms.ca](http://www.tbfarms.ca) for more information.

Sincerely, The Birch's

The Gayle cow family is one of our favourites and you can tell why from 45W. He is an easy fleshing bull with a lot to offer. We used a brother to his dam as a calving ease sire in our program.
